

Sage 50 from Computer Solutions

Sage 50: Powerful Accounting for Small Businesses

- **Desktop accounting software with cloud connectivity** - giving you a complete view of your business finances & inventory.
- **Trusted by over 2 million businesses worldwide.**

What is Sage 50?

Sage 50 is **desktop accounting software** designed to simplify complex accounting for small businesses, while offering cloud-connected flexibility for modern working.

Backed by over 40 years of Sage expertise, it combines:

- Core accounting
- Cash flow management
- Stock control
- Bank integration
- Automation tools
- AI-supported document capture
- Multi-company capability

Sage 50 Features at a Glance

Control Your Cash Flow

- See what you're owed
- Manage late payments
- View expenses & track budgets

Real-Time Financial Visibility

- Personalised dashboard
- Live bank feeds
- Automated reporting
- Revenue recognition

Get Paid Easily

- Online payment integrations
- Automated invoice reconciliation
- Sales & purchase order management

Automate Admin Tasks

- AutoEntry integration
- Automatic bank transaction imports
- Set recurring invoices
- Create transaction rules

Stock & Inventory Control

Available in Sage 50 Accounts Professional:

- Advanced stock management
- Track stock movement
- Monitor quantities on hand
- Manage purchase orders
- Multi-company & departmental budgets

Desktop Software with Cloud Flexibility

- Secure cloud connectivity
- Remote access capability
- Collaborate with your accountant
- Flexible working without losing power

AI-Powered Features

Sage AI Document Capture reduces manual invoicing:

- Upload or email supplier invoices
- AI extracts and pre-fills details
- Duplicate invoices flagged
- Suggested supplier & GL coding
- Digital archive for audit & tax
- Included capture allowances in both plans

We support Irish Businesses with the following processes in relation to Sage 50:

- Implementation & onboarding
- Cloud & hosted deployment
 - Add-on integration
 - System optimisation
- Upgrade path planning
- Ongoing support & training

Your Growth Path:

Many organisations move from Sage 50 to Sage 200 when:

- Stock & operational complexity increases
- Multiple departments require access
- Reporting needs become more advanced
- Integration requirements expand

When multi-entity, group consolidation, or international expansion becomes a priority, Sage Intacct offers the next stage of cloud financial management.

DB Computer Solutions supports your transition at every stage.

Sage 50 → Sage 200 → Sage Intacct

Sage 50: Powerful Accounting Built For Small Businesses.
